To Whom It May Concern,

I had the opportunity to work with Job Seeker throughout his time as our coop student at Prellwitz/Chilinski Associates. XXX was an excellent addition to our staff here at PCA, and as our first coop in many years he set the example of what benefits the program could provide our company moving forward. As his supervisor I was able to watch him grow throughout his time here.

XXX exudes the utmost professionalism, is extremely hardworking and is someone who can be counted on. From his first day he brought an eager energy to our team and was always willing to learn. I often found him staying late in order to improve upon the work he was doing.

I think that XXX will be a valuable asset wherever he ends up. Although still young in his career he possesses the motivation and drive that will lead to great things in his future. I look forward to seeing what he is able to accomplish.

If you have any questions about our experiences with Andrew please feel free to reach out to me any time at 617.555.5555.
